Redtone, Mimos ink collaboration pact

KUALA LUMPUR: Data and broadband services provider REDtone Telecommunications Sdn Bhd and leader in information and communications technology (ICT) innovation MIMOS Bhd signed a memorandum of understanding (MoU) Tuesday that will see REDtone becoming a MIMOS technology recipient with usage rights for the latter's WiWi and Intelligence Surveillance Platform (ISP) technologies for three years.

Chairman of REDtone International Bhd, Datuk Ibrahim Che Mat, said with this collaboration REDtone will gain enhanced capability that will help boost its competitive edge and enable it to participate in different types of ICT projects.

"We can also bring the WiWi and ISP technologies to international markets." - Bernama
