## Mimos launches K-School project in Pahang

MIMOS Berhad hosted the official launching of a project called K-School at Sekolah Menengah Agama Bukit Ibam in Muadzam Shah, Pahang recently.

The project, which is part of the Science, Technology and Innovation Ministry (Mosti), is aimed to improve education delivery and school administration through information and communications technology (ICT)-based systems and tools to ensure Malaysia's long-term competitiveness in the knowledge economy.

Sekolah Menengah Agama Bukit Ibam has been chosen as the pilot site for the project to ensure that religious-based schools in the rural areas are not left behind in technological advancement.

Gracing the event was Mosti Minister Datuk Sri Dr Jamaludin Mohd Jarjis.

Brand new: Students are all smiles as Jamaludin visits the brand new IT room accompanied by Mimos' president & CEO Abdul Wahab Abdullah (right).
