Mimos to lead TVET curriculum development

BUKIT JALIL: Mimos Bhd is expected to lead the development of Technical and Vocational Education and Training (TVET) curriculum to prepare the nation for the Fourth Industrial Revolution (Industry 4.0).

TVET empowerment committee head Nurul Izzah Anwar said the younger generation must be equipped with the skills to thrive in Industry 4.0.

“It is a great opportunity for us to see more cooperation among the government, industry and institutions for Industry 4.0,” she said at the launch of the IR4.0 Driver’s TVET seminar here yesterday.

On the allocation for TVET, Nurul Izzah said the government was forced to reduce the amount to RM180 million this year from RM300 million previously.

Present were Higher Education Ministry deputy secretary-general (management) Datuk Kamel Mohamad and Mimos president and chief executive officer Ahmad Rizan Ibrahim.
